Description
Set among farmland and open parcels outside Pera Chorio, this agricultural field covers 13,378 m², a sizeable area for farming or planting. The land around it is agricultural and undeveloped, so the setting keeps its rural character. The field has no direct road access.

The centre of Pera Chorio is a short drive away, and the neighbouring villages of Nisou and Alampra are also close. This is a large piece of agricultural land in the Nicosia countryside.
