Morning coffee at a nearby café, an easy stroll to
the shops...

For Sale : **€ 260,000**

Description
Morning coffee at a nearby café, an easy stroll to the shops, an afternoon by the water at Paralimni Lake a short drive off: this is the rhythm of life around this residential field in Paralimni.

At 3,674 m², the land is generous in scale. It sits in a residential zone, surrounded by residential developments and undeveloped parcels still waiting for their own story. Here there is room for a home of up to three floors, within a suburban neighbourhood that already feels lived in.

The field has no direct road access.

Unpretentious and sizeable, it is a real piece of Paralimni, with the town centre only a short drive away.
