For Sale : **€ 255,000**

Description
Just outside the village of Pigenia, this field sits among forest land and open, undeveloped parcels, a green and unhurried setting far from the pace of city life. Picture a home here with woodland as your neighbour and wide, open ground all around.

The land is large, at 11,706 m², and lies within a residential zone, so there is room for a home of up to two floors. The land has no direct road access.

Everyday life stays close at hand. The village centre is a short drive away, with its cafés, restaurants and shops, and the villages of Kato Pyrgos and Pano Pyrgos are nearby too. For quieter days out, the Gialia Monastery is a drive away, and the Cyprus Mouflon Enclosure lies further afield in the wider region.

Open ground, forest on its borders and a village nearby give this field its appeal, with space for a home set in a landscape that still feels unspoilt.
