Description
Mazotos is a small, charming village where life moves at a quiet, unhurried rhythm. Around 2,000 people call it home, among them many expatriates who have settled here for good in retirement. Many villagers still work the land and keep the traditional way of life alive, while family houses and holiday homes sit comfortably alongside this older pace.

This field lies within the village boundaries, a short distance from the village core, and covers 5,017 m² of residential land. The ground is mostly flat, with an irregular outline. Its residential zoning gives room for a home of up to two floors. The land has no direct road access.

Picture a home of your own on this sizeable plot, close to the heart of a close-knit community, with Larnaca International Airport a drive away. Mornings could begin with a coffee in the village and end with the calm that has drawn so many people to settle here.

It is a generous piece of land in a village that still treasures its slower way of life.
