For Sale : **€ 250,000**

Description
Parks and green spaces lie within walking distance of these four fields in Palodeia, a Limassol village where homes stand alongside open parcels of land. The village centre is a short drive away, so everyday life stays close while the land keeps its open, natural feel.

The ground is irregular in shape and gently sloping, and the fields front a registered road, giving them direct road access. Part of the land lies in a residential zone, where a home of up to two floors may be built. Another part falls within a protection zone.

Picture a family home set into the slope, with neighbouring houses on one side and open land around it. It is a setting that feels rooted in village life. The sale is a 1/2 share of the four fields.

With residential land, a road along its edge and green spaces a short walk away, this corner of Palodeia is well worth a closer look.
