For Sale : **€ 250,000**

Description
In the Panagia Evangelistria quarter of Dali, a short way from the village centre, this field lies among homes and open parcels of land. Its residential zoning gives it a clear purpose: room for a home, with up to two floors allowed.

With 5,742 m² to work with, there is generous ground around any future house, space to plan a home with room to breathe and to picture mornings spent in a setting of your own making. The neighbourhood around it is residential in character, with new homes taking shape among the undeveloped plots.

Daily life stays close. Schools and supermarkets are a short drive away, as are the neighbouring villages of Nisou and Pera Chorio. The land has no direct road access of its own.

A sizeable stretch of residential land near the heart of Dali, waiting for the home someone imagines for it.
