For Sale : **€ 240,000**

Description
Two adjoining fields make up this sizeable holding of 16,389 m² in Simou, a short drive from the village centre and from neighbouring Drymou and Sarama. The land around it is mostly agricultural and undeveloped, with some homes among it.

One parcel lies in an agricultural zone, suited to farming or planting. The other is in a residential zone, with room for a home of up to two floors. One field has direct road frontage. The other has no direct road access. Together the two fields form one large block of land in the Simou countryside.
