Close to the village of Pera, with Tamasos Lake a short driv...

For Sale : **€ 230,000**

Description
Close to the village of Pera, with Tamasos Lake a short drive away, this level residential field offers a generous setting for a home of your own. Its 4,497 m² sit among homes and open, undeveloped land, giving a sense of breathing room while village life stays within easy reach.

The ground is smooth and flat, irregular in shape, and meets the road along two of its borders, so it has direct road access on two sides. Water, electricity and telecommunications can be connected, and the residential zoning allows a home of up to two floors.

Picture a house set on this even ground, with the village centre a short drive away for everyday errands, and the water and greenery of Tamasos Lake close by for slow weekend afternoons. The neighbouring village of Politiko is also a short drive away.

Level land with room for a home and road on two sides, near Pera and the lake.
