Description
A short walk from the heart of Lysos, with its cafés, restaurants and shops close at hand, this four-bedroom house stands on a large plot of 2,007 m². Around it, family homes sit among open parcels of land. The layout spreads over two floors and follows the rhythm of family life. Downstairs, the kitchen, living area and dining area share the ground floor with a bedroom and a guest toilet. Upstairs are three more bedrooms, one of them en-suite, and a bathroom. Please note that the house is not yet complete. Beyond the village, weekends can lead to the shores of Evretou Lake or to the neighbouring villages of Meladeia and Melandra, all a short drive away. Back in Lysos, four bedrooms on a generous plot wait to become a family home in the life of the village.
