Description
Argaka's village centre and its primary school are both close by, and the beaches are a short drive away. Here, two adjoining fields come together as one sizeable piece of residential land of 4,497 m², set in a neighbourhood of homes and open, undeveloped plots.

The residential zoning offers room for a home of up to two floors, within a village where restaurants, cafés and the sea all lie a short drive away. Picture a future home here, part of a small community with daily village life close at hand and long afternoons by the coast. Paphos International Airport is about 40 km away.

The land has no direct road access.

With Argaka's centre close by and the beaches a short drive away, this is a setting where a new home in the village could one day take shape.
