For Sale : **€ 181,000**

Description
Surrounded by farmland and open, undeveloped parcels in the countryside of Frenaros, this agricultural field covers 23,277 m². It is a sizeable area of land for farming or planting. The field runs along a registered road on one of its borders, so it has direct road access.

The villages of Avgorou and Agios Georgios Acheritou are a short drive away, and main roads and the motorway can be reached by car. This is a large, open agricultural field with its own road frontage in a farming area.
