For Sale : **€ 180,000**

Description
On the outskirts of Paralimni, a short drive from the town centre and the green surroundings of Paralimni Lake, this sizeable field sits on land zoned for industrial use.

Covering 5,348 m², it offers a generous area for a business setting. The land around it already mixes industrial developments with agricultural and undeveloped parcels, so it belongs to an area where working land is part of everyday life. The land has no direct road access.

Life in Paralimni stays within easy reach, with the town centre and the village of Sotira both a short drive away. A large industrial field with real room for a business, set on the edge of Paralimni with the lake close by.
