Description
Just outside Athienou village, in the Larnaca countryside, this field covers 15,385 m² among neighbouring farmland and undeveloped parcels. It has direct road access along one of its borders.

The land falls within two planning zones. Part of it is agricultural, suited to farming or planting, and part is residential, where there is room for a home. The size of each part is not known. It is a large field on the edge of the village, with both farming and residential use within its boundaries.
