For Sale : **€ 173,000**

Description
Authentic Cypriot village life sets the tone in Agios Georgios Acheritou, where this large residential field sits among homes and open parcels of land. Restaurants and cafés lie within walking distance, so a morning coffee or a relaxed evening meal can stay close to home, while the neighbouring villages of Frenaros and Avgorou are a drive away.

With 6,533 m² to work with, there is generous room for a home of your own, and the residential zoning allows for a house of up to two floors. Picture a family house taking shape here, in a neighbourhood where finished homes and undeveloped plots sit side by side and the character of the village is still unfolding. Schools, shops and green spaces are a short drive away, which keeps everyday life simple once the house is built.

The land has no direct road access.

An unpretentious corner of village Cyprus, with the space to shape the home you have in mind.
