

For Sale, Land, Plot, Nicosia, Egkomi

Engomi has the settled feel of an established
Nicosia suburb...

For Sale : **€ 174,500**

Description
Engomi has the settled feel of an established Nicosia suburb, where homes and businesses sit side by side and the city centre is within easy reach. Here, a commercially zoned plot fronts a main avenue, with direct road access and a frontage along the avenue.

Commercial zoning points to business use, and planning allows building up to six floors, leaving room to shape a project around this setting. Cafés, restaurants and everyday shops are within walking distance, and medical centres and pharmacies sit right beside it. Daily needs are close at hand for anyone who works or visits here.

The sale is a 1/2 share of the plot. Under a distribution agreement, this share corresponds to a defined part of the plot.

A commercial address on a main avenue in Engomi, with the heart of Nicosia never far away.
