Description
Agios Antonios keeps the heart of Nicosia close at hand. This sixth-floor apartment sits on a corner in a neighbourhood where homes and businesses live side by side, with easy, direct access to the city centre. Cafés, restaurants and everyday shops are all within walking distance, so a morning coffee or a quick errand never takes much planning.

The apartment is currently used as an office. Inside, an open-plan main space is joined by a kitchen and a toilet, finished with ceramic tiles and fitted with split air-conditioning units. The open layout leaves you free to arrange the space as you see fit.
