Forest walks in the Troodos National Forest Park
and the ope...

For Sale : **€ 165,000**

Description
Forest walks in the Troodos National Forest Park and the open water of the Solea Reservoir are both a short drive from this sizeable stretch of residential land in the village of Temvria.

Three adjoining fields come together here to form one site of 3,573 m². The land has an irregular shape and a sloping surface, and it has direct road access along its frontage. Around it, homes sit alongside open, undeveloped parcels, so the setting is residential and still has some space around it.

The land is zoned for residential use and offers room for a home of up to three floors. The slope invites a design that works with the ground rather than against it, and with village life on the doorstep, it is easy to imagine putting down roots here.

A piece of Temvria to make your own, with the green of Troodos never far away.
