Description
The sea is only a short walk away from this residential field on the edge of Argaka, in the Paphos district. Picture an evening stroll down to the water, with shops, cafés and restaurants also within walking distance for everyday life.

The land covers 1,630 m² and lies in a residential zone, with room for a home of up to two floors. It fronts a road, so it has direct road access. Farmland and open parcels mix with several residential developments around it, giving the area an open, rural feel with homes already part of the scene.

The centre of Argaka is a short drive away, and the neighbouring village of Makounta is close by too. Here, the sea, the village and a home of your own can all come together on one sizeable plot.
