Description
Close to the heart of Mesogi, this residential field sits in a neighbourhood where homes and open parcels of land share the same streets of village life. Restaurants, cafés and everyday shops are within walking distance, so a morning coffee or the weekly shop belongs to the rhythm of the place rather than a trip out.

The land covers 1,877 m² and its residential zoning gives it a clear purpose: room for a home of up to two floors. Picture a family house rising here, with neighbours nearby and the welcoming character of a Paphos village around it. Beyond the village, The International School of Paphos is a short drive away.

The land has no direct road access.

What stays with you is the setting: a sizeable residential plot so close to the centre of Mesogi, with the charm of village life and the comforts of the area within easy reach of everyday routines.
