For Sale : **€ 141,000**

Description
A short drive from the heart of Pissouri village, an 854 m² residential plot waits for the home you have in mind. Around it, homes sit alongside open, undeveloped parcels, giving the neighbourhood a settled residential feel with a sense of space still in the landscape.

The land has direct road access along its frontage and is served by water, electricity and telecommunications. That makes it easier to imagine the next steps. Its residential zoning allows room for a home of up to two floors, so you can picture a house rising over two levels, shaped around the way you want to live.

Life in the village stays close at hand, with its centre only a short drive away for a coffee, a meal out or the weekly shop. Paphos International Airport is about 15 km away, which keeps flights within comfortable reach for coming and going.

A connected corner of Pissouri, where plans for a new home can begin to take shape.
