For Sale : **€ 144,500**

Description
Just a short drive from the heart of Pissouri village, this residential plot sits among homes and undeveloped parcels of land, with Columbia Beach Resort within easy driving distance. It is a setting where village life and the coast are both close at hand.

The land covers 930 m² and has a frontage along a registered road, so it has direct road access. Water, electricity and telecommunications already serve the plot, which takes much of the groundwork out of the early planning. The residential zoning allows a home of up to two floors, giving you room to shape a house around the way you want to live.

Picture morning coffee in the village centre, then an afternoon by the sea, before returning to a home you have planned from the ground up. Travel is straightforward too, with Paphos International Airport about 15 km away.

This is an honest, uncomplicated parcel of land in Pissouri, with the services already in place and room for a home on a site that already has its own road frontage.
