Description
A short drive from the heart of Kallepeia, this sizeable field of 4,014 m² opens up among undeveloped parcels of land and a scattering of homes. It offers a setting with room to breathe and a village community close by, a fine canvas for a home planned exactly as you wish.

The land lies in a residential zone, with room for a home of up to two floors. It has direct road access along a short stretch of road frontage, and a longer edge runs beside a footpath. That gives the plot a generous shape to work with when you sketch out where the house, the entrance and the outdoor space might go.

Everyday life stays within easy reach. The village centre is a short drive away, and so is the neighbouring village of Letymvou, so errands, a coffee or a meal out never mean a long journey.

Picture the first plans taking shape here: a home of your own design rising on open residential land, with the village of Kallepeia around it and room to make the place truly yours.
