Description
Village life and the sea are both close to this residential field in Pigenia. The village centre is within walking distance, so everyday errands and an evening stroll for coffee can begin on foot, while the coast is not far away.

The land covers 3,345 m² and is zoned for residential use. It offers room for a home of up to two floors, with generous ground around it to shape as you wish. A long frontage along an unsurfaced road gives the land direct road access.

Around it, open undeveloped parcels sit beside several residential developments, so the setting feels lived in while keeping a real sense of space. Beyond the village, the Pomos Reservoir is a drive away and makes an easy outing into the surrounding countryside.

This is honest, unpretentious land with room for a home of your own, the village within an easy stroll and the sea within reach.
