For Sale : **€ 122,000**

Description
In the countryside outside the village of Agios Theodoros, this agricultural field covers 34,783 m² and is surrounded by other undeveloped parcels of land. The villages of Skarinou and Choirokoitia lie close by. The land is zoned for agriculture and sits within an area planned for animal husbandry, so it lends itself to farming use. The field has no direct road access. It is a sizeable parcel of agricultural ground in a landscape away from dense development.
