For Sale : **€ 112,500**

Description
A short drive from the heart of Pissouri village, this residential plot offers room for a home of your own. Neighbouring homes and open parcels of land surround it, and Paphos International Airport is about 15 km away.

The land covers 727 m² and has direct road access. Water, electricity and telecommunications are already available. The residential zoning allows a home of up to two floors, so you can shape the house around the way you want to live and set the layout and priorities from the very first sketch.

Picture a house designed to your own specification, with its rooms arranged as you choose and village life within easy reach for an evening at a café or a morning errand. With services available and road frontage, your plans start on a practical footing.

A residential plot in Pissouri, where a home built your way can take shape close to the village.
