Description
Pissouri sets the scene for this residential plot, with the village centre a short drive away and Columbia Beach Resort also within a drive. It is a place to imagine a home shaped around your own plans, in a village setting rather than a city.

The land covers 722 m² and lies among existing homes and open parcels of land. It fronts a road, giving it direct road access, and water, electricity and telecommunication services are available. The residential zoning allows for a home of up to two floors, room enough to design a house that suits the way you want to live.

Picture everyday life here: a morning coffee in the village, an easy trip down to the resort by the sea, and Paphos International Airport about 15 km away when it is time to travel. The surroundings already have a settled residential feel, with space still left around them.

In Pissouri, a home built to your own vision could start to take shape on this plot.
