Description
Pissouri sets the scene, with the village centre a short drive away and Columbia Beach Resort within reach. Here, among homes and open parcels of land, a residential plot of 709 m² offers room for a home built around your own brief.

The practical side is already in place. The land fronts a registered road, so it has direct road access, and water, electricity and telecommunications are all available. Its residential zoning allows a home of up to two floors, enough to plan a house with generous living space and bedrooms set above.

Picture the village close at hand for a morning coffee or the weekly shop, and the beach resort an easy outing for a slow afternoon by the sea. Paphos International Airport lies about 15 km away, which keeps trips abroad and visits from family simple.

The neighbourhood mixes existing residential developments with undeveloped land, so the area still feels open. A serviced plot with road frontage near Pissouri village and the beach is a sound place to begin a home of your own design.
