Description
Pissouri village life sits a short drive away from this residential plot, where finished homes stand alongside open parcels of land. It is a setting that invites you to picture your own house taking shape, with room for a home of up to two floors.

The land fronts a registered road, giving it direct road access. Water, electricity and telecommunication services are available, so the essentials for a new home are already in reach. At 743 m², it offers a sensible footprint for a family house shaped around your own plans.

Everyday errands, a coffee in the village centre or a meal out are all a short drive from home. Paphos International Airport is about 15 km away, keeping flights within easy reach.

Simple to describe and honest in what it offers, this is the groundwork for a home of your own design in a residential corner of Pissouri.
