Description
Village life sets the tone here. On the edge of Kathikas, this residential plot puts the village's restaurants and cafés within walking distance, along with its shops and the old Panagia Evangelistria Church. Imagine finishing the day with a stroll to a café, then walking back to a home of your own design.

The land covers 1,037 m² and has direct road access along one of its borders. Its residential zoning gives room for a home, in an area where residential developments sit alongside undeveloped parcels of land.

When the coast calls, the beach at Coral Bay is a drive away, and the villages of Peyia and Theletra are a short drive along. Paphos International Airport lies about 20 km away, which keeps trips home and visits from family within comfortable reach.

A sizeable piece of residential land, close enough to Kathikas to make the village part of everyday life, and ready for the home you have in mind.
