For Sale : **€ 110,000**

Description
Village life is close at hand here, in a residential corner of Agios Amvrosios just outside the heart of the village. Homes and open parcels of land share the surroundings, giving the area a settled, lived-in feel while still leaving space around you.

The field is a large one, measuring 4,221 m², and it lies within a residential zone. That means room for a home of up to two floors, with plenty of land to plan it around. Frontage along a public road gives the land direct road access, so your plans can start from a practical footing.

Picture everyday life unfolding from here: the village centre, with its cafés and restaurants, only a short drive away, and the neighbouring village of Pachna within easy reach for a change of scene. It is an unpretentious, authentic alternative to city or resort living, rooted in the character of a Limassol village.

A generous piece of residential land, close to the village and open to the home you have in mind.
