Description
Three adjoining fields in Palaiometocho, Nicosia, form one agricultural holding of 8,590 m². The land is zoned for agriculture, so it suits farming and planting. The surrounding area is made up of other farmland and undeveloped parcels.

A right of way links the fields to the local road network. The Nicosia–Troodos motorway runs close by, and the village of Agioi Trimithias is a short drive away. Together, the three parcels make a sizeable, continuous piece of farmland within Palaiometocho.
