For Sale : **€ 105,000**

Description
Restaurants and cafés lie within walking distance of this field in Panagia Evangelistria, a residential quarter of Dali where homes sit alongside open parcels of land. It is a setting with a neighbourhood already around it and everyday life close at hand.

The land is zoned for residential use, with room for a home of up to two floors. At 6,411 m² as a whole, it is a sizeable field, and it fronts the road along more than one side, so it has direct road access.

Picture mornings that start with a short stroll for coffee, and school runs that take only a short drive. The neighbouring villages of Pera Chorio and Nisou are a short drive away as well, widening the circle of daily life beyond Dali itself.

The sale covers a 1/4 share of the field.

A residential field in a lived-in part of Dali, where cafés are a walk away and a home of your own can take shape.
