Description
Pissouri village centre is a short drive away, and Columbia Beach Resort is within reach. Here, among residential homes and open parcels of land, a residential plot of 711 m² waits for a house shaped from the very first sketch rather than one bought off the shelf.

Zoned for residential use, the land offers room for a home of up to two floors. It fronts a registered road, giving it direct road access, and water, electricity and telecommunications already serve the land. That lets you set your design priorities from the outset: how the rooms will sit, where the morning will find you, how the house will meet the street.

Daily errands stay simple, with supermarkets and shops a short drive from home, and Paphos International Airport about 15 km away keeps journeys to and from the island straightforward.

Picture the day the plans become walls, in a village setting with the beach resort close by and everything a household needs within easy reach. Here, the groundwork for your future home is already laid out.
