For Sale : **€ 102,000**

Description
Pissouri sets the scene for this residential plot, a short drive from the village centre and within reach of Columbia Beach Resort. The neighbourhood mixes homes with open parcels of land, giving the feel of a residential area still taking shape around the village.

The plot offers 785 m² of land with room for a home of up to two floors, in keeping with its residential zoning. It fronts a road, so there is direct road access, and water, electricity and telecommunication services already reach the land.

That makes the next step easier to picture: settling on a design, shaping the layout around the plot, and imagining evenings in a new home in this Limassol village. Paphos International Airport lies about 15 km away, which keeps travel straightforward.

A residential plot with direct road access and services in place, close to Pissouri village and within reach of the beach resort.
