A short drive from both Pissouri's village centre
and Columb...

For Sale : **€ 100,000**

Description
A short drive from both Pissouri's village centre and Columbia Beach Resort, this residential plot of 829 m² offers room for a home shaped around your own ideas from the very first sketch. Picture planning the rooms, the outlook and the everyday flow of life exactly as you want them, rather than adapting to someone else's design.

The land fronts a road, so it has direct road access, and water, electricity and telecommunication services are already in place. Its residential zoning allows a home of up to two floors, which leaves generous scope for a family house or a comfortable Mediterranean retreat.

Around the plot, homes stand among open parcels of land, giving the neighbourhood a relaxed residential character. The village, with its traditional charm, is close enough for an easy morning coffee or an evening meal out, and the coast near Columbia Beach Resort is within easy reach for days by the sea. Paphos International Airport lies about 15 km away, which keeps arrivals and departures simple.

A well-connected corner of Pissouri, waiting for the home you have in mind.
