this flat...

For Sale : **€ 93,000**

Description
Beside the green of Liopetri National Forest Park, this flat, even field lies among cultivated farmland in the countryside around Liopetri. The village of Xylofagou is a short drive away, and so are the beaches of this coast, with the marina at Ayia Napa a little further on.

The land is zoned for touristic use, and its level surface gives a clear starting point for plans of that kind. Buildings of up to three floors are allowed. Around it, cultivated fields give way to scattered developments and wide stretches of unused land, so the setting keeps its rural character.

The land has no direct road access.

Picture a tourist project shaped around the forest park next door, in a landscape where farmland still sets the tone and the coast is never far. The sale is for a 73% share of the field.

Between forest and farmland, with the sea close by, this is a setting well worth a visit.
