For Sale : **€ 95,000**

Description
Village life sets the tone in Psimolofou, and this field sits right among it. Houses stand alongside parcels still waiting to be built on, and the village centre and local schools are only a short drive away. These are authentic village surroundings, an easy-going alternative to city living. The land lies in a residential zone, which gives it room for a home of up to two floors. It is easy to picture one taking shape here, with the everyday rhythm of the village close at hand and its neighbourhood of homes all around. The field has no direct road access. A distribution agreement is in place. The sale is for a 1/2 share of the field. What stays with you is the setting: residential land in a genuine village, where a home could one day join the houses already there.
