Description
Two adjacent parcels form this sizeable piece of agricultural land in Pano Pyrgos, a short drive from the village centre, with Kato Pyrgos close by. Together they cover 15,552 m² in an agricultural zone, suited to farming or planting. A stream crosses the land and runs along one of its boundaries. The plot is irregular in shape, with an uneven, sloping surface. Water, electricity and telecommunications can potentially be connected. The surrounding area mixes crops, homes, unused plots and warehouses.

One of the two parcels is offered as a 1/3 share. It is a large stretch of farmland within easy reach of Pano Pyrgos village.
