

For Sale, Land, Field, Nicosia, Pyrgos Pano

Just beyond the edge of Pano Pyrgos, this residential field...

For Sale : **€ 86,000**

Description
Just beyond the edge of Pano Pyrgos, this residential field sits with a stream tracing one of its borders and the village close at hand. Beaches lie a short drive away, so a morning by the sea and an evening back among village life can easily share the same day.

The land measures 2,676 m² and falls within a residential zone, with room for a home of up to two floors. Picture the sound of the stream along the boundary and open ground stretching around you. The surroundings are a mix of undeveloped parcels and several residential developments, so the field feels part of the village's growth while open land still lies around it. Cafés, restaurants and everyday shopping are all a short drive away.

The field has no direct road access.

What remains is a sizeable plot of residential land beside a stream, at the edge of Pano Pyrgos and within easy reach of the sea.
