Description
Pissouri sets the scene for this residential plot, a short drive from the heart of the village, in a neighbourhood where homes sit alongside open parcels of land. With 742 m² to work with, there is room for a home shaped around the way you want to live.

The plot fronts a road, so it has direct road access, and water, electricity and telecommunication services already reach it. Its residential zoning allows a home of up to two floors, leaving you free to plan the layout, the rooms and the outdoor space to your own wishes.

Everyday life stays close at hand, with the village centre a short drive away for errands, a coffee or a meal out. Columbia Beach Resort is also within reach, and Paphos International Airport is about 15 km away, which keeps trips abroad and visits from family simple.

A plot in a lived-in village setting, connected to services and ready for a well-considered design, it offers a clear starting point for a new home in Pissouri.
