For Sale : **€ 70,000**

Description
In the centre of Agia Varvara, where family homes stand beside a few open parcels, this residential field of 575 m² offers room for a home right in the everyday life of the village. Schools, supermarkets and shops are all within walking distance, so the morning school run or a quick trip for bread can easily be made on foot.

The land sits directly beside a village road and has a frontage along a public road, giving it direct road access. Its residential zoning allows a home of up to two floors, enough to picture a family house set over two levels, shaped to your own plans.

The setting is uncomplicated and settled: neighbouring houses around you, the village centre at your door, and the nearby villages of Kotsiatis and Alampra a short drive away when you want a change of scene.

A well-placed plot in the heart of Agia Varvara, ready for you to imagine a home where village life is part of every day.
