Lythrodontas sets the scene here, a Nicosia district village...

For Sale : **€ 67,000**

Description
Lythrodontas sets the scene here, a Nicosia district village whose centre, with its cafés and restaurants, lies a short drive from this residential field. The land around it is a quiet patchwork of farmland and open parcels, with a few houses scattered among them, giving the setting a broad, green and open outlook.

The field covers 2,007 m² in a residential zone. That leaves room for a home of up to two floors, and enough land to plan it with space around it. The neighbouring village of Mathiatis is also a short drive away, adding to the everyday life of the area.

The land has no direct road access.

Picture your own home rising here, with fields around it and the character of Lythrodontas all around.
