For Sale : **€ 67,000**

Description
Melini opens onto a gentle, rural scene, with undeveloped parcels of land and a scattering of homes among them. In this setting lies a large field of 3,512 m², zoned for residential use and offering room to plan a home of your own.

The residential zoning allows a house of up to two floors. That leaves scope to shape a home around the land and the open surroundings, from the way the rooms sit to where the outdoor space might one day be. The field has no direct road access.

Life here stays connected to the villages around it. Eptagoneia and Odou are a short drive away, as are places to eat and a school. For time in nature, Kionia peak is a drive away, and the old village of Fikardou is within reach for a day among its heritage.

A sizeable residential field in Melini, waiting for the home you have in mind.
