Description
Village life sets the tone in Mosfiloti, where this residential field lies close to the local church and a short walk from the elementary school. Restaurants and cafés are within walking distance, so a morning coffee or an evening meal is never far away.

Zoned for residential use, the land offers room for a home of up to two floors. It has frontage along a public road, giving direct road access, and the surroundings mix existing homes with undeveloped parcels.

Picture a home taking shape here, with the church and the school just around the corner and the everyday rhythm of the village close at hand. When the wider world calls, Larnaca International Airport is about 20 km away.

The sale is a 1/5 share of the field. A setting for a future home, woven into the life of a Larnaca village.
