Description
Set among farmland outside Liopetri village, this agricultural field covers 9,990 m² and has direct road access along one side. The land around it is made up of other farm parcels and undeveloped plots, so the setting stays open and rural. Its agricultural zoning suits farming and planting. Liopetri's village centre is a short drive away, as are the neighbouring villages of Avgorou and Xylofagou, and the main motorway is within easy reach. This is a sizeable field with road frontage in farming country.
