Description
Among open, undeveloped parcels close to the village of Pano Panagia, this field of 2,815 m² offers a calm, unpretentious setting for a business project. The village centre is only a short drive away.

The land lies within a light industrial zone, so its natural purpose is business use, whether a workshop, storage or a similar enterprise. It also has direct road access along one side, a practical advantage for deliveries, vehicles and everyday comings and goings.

The wider area keeps its rural feel. Kannaviou Reservoir is a short drive away, and the heritage of Kykkos Monastery lies within a longer drive. It is a place where work can sit alongside the slower rhythm of the Paphos hills and villages.

With its industrial zoning, direct road access and the village close at hand, this is a sizeable, straightforward piece of land with a clear direction. It is well worth a visit.
