For Sale : **€ 63,000**

Description
Analiontas offers the character of a Nicosia village, with the green setting of Tamasos Lake a short drive away and the village centre close by for everyday needs. It is a place that keeps you near nature without leaving village life behind.

This field of 2,007 m² lies in a residential zone, which gives room for a home of up to two floors. The land around it is made up of undeveloped parcels, so the surroundings still feel open. Its irregular outline leaves you free to imagine how a home and its outdoor space might sit across the plot.

The field has no direct road access.

Picture mornings in your own home on the edge of a village, with the lake a short drive from your door. For a plain, versatile plot with a natural setting around it, Analiontas is well worth exploring.
