A short distance from Anafotida village, in the countryside...

For Sale : **€ 64,000**

Description
A short distance from Anafotida village, in the countryside of the Larnaca district, this field lies among a mix of homes and open parcels. It is a setting where village life is close at hand and the landscape still has room to breathe.

The land is zoned for residential use, which means room for a home, with up to two floors allowed. It borders a road, so it has direct road access, and the houses already standing around it give the area a settled, residential feel.

Everyday needs are easy to meet. The village centre and its shops are a short drive away, and Larnaca International Airport is within a drive, so the wider island and trips abroad stay within easy reach. It is a place to picture a home of your own, with village life around you and the open Larnaca countryside close by.

This sale is a 1/5 share of the field.

A residential plot on the edge of a Larnaca village, with direct road access and space to imagine the home you want to build.
