

For Sale, Land, Plot, Famagusta, Paralimni

Where everyday practicality meets the easy
Mediterranean pac...

For Sale : **€ 67,000**

Description
Where everyday practicality meets the easy Mediterranean pace, this residential plot lies within walking distance of Paralimni Lake. Holiday houses and blocks of flats line the immediate neighbourhood, while the wider area brings shops, cafés and offices into daily reach.

At 657 m², the land is flat and close to rectangular, a straightforward shape that lets you settle your design priorities from the very first sketch. It has direct road access, and electricity, water and telecommunications are already available. The residential zoning allows a home of up to two floors, room for a well-planned house with space to think about how you want to live.

Picture mornings that start with a stroll down to the lake and afternoons that end over coffee at a café nearby, with the town centre and neighbouring Deryneia only a short drive away when the day calls for more.

A level, serviced plot in a residential corner of Paralimni, with the lake close enough to reach on foot.
