Paralimni Lake lies right beside this residential plot, a na...

For Sale : **€ 59,000**

Description
Paralimni Lake lies right beside this residential plot, a natural setting on the edge of a part of town where houses and blocks of flats sit alongside supermarkets, showrooms and offices. Everyday errands stay simple, with shops, pharmacies and medical centres all within walking distance.

The land is flat and even, with direct road access along its frontage. It is already served by electricity, water and telecommunications. Its residential zoning allows a home of up to two floors, so there is room to shape a family house around your own plans.

Wider Paralimni is close by as well. The town centre, schools, and restaurants and cafés are a short drive away, as is Deryneia, so family routines and evenings out stay easy.

A level site, services on hand and the lake as a neighbour make this a grounded start for a home in Paralimni.
